METAL DETECTION INFORMATION

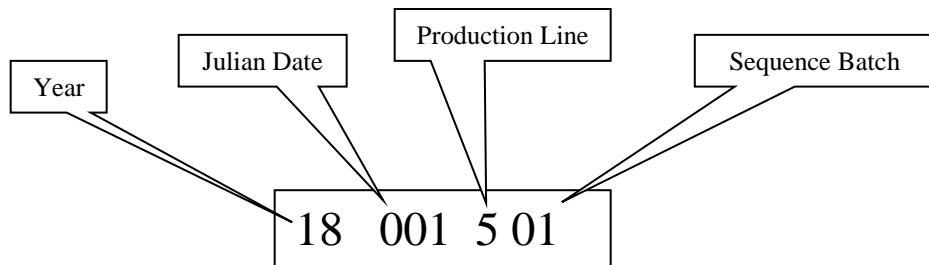

Every product produced at this facility is passed through the metal detectors prior to shipping.

PACKAGING INFORMATION

5# bag in box
25 cases per layer, 9 layers tall for 225cases per pallet

PRODUCTION LOT CODE INFORMATION

Lot number is read as follows: The lot number is up to a 9 digit number, the first 5 digits being the date in which the product was produced. The first two digits represent the year, and the following 3 digits represent the Julian day of the year in which the product was produced. For example 18001 would represent the January 1, 2018. The fifth digit represents the production line the product was produced on. The last two digits are a sequential number that represents the order in which the batches were produced on a particular line.

COUNTRY OF ORIGIN

This product is blended and packaged in the USA.

QUALITY INSURANCE

As this product is packaged by J.M. Exotic Foods, Inc. they are committed to the policy of providing products, which will meet or exceeds its customer's expectations for quality and timeliness. The above product specifications are based on laboratory submissions or limited production batches. The data presented above might be modified as more information is obtained from larger production sizes.
