fiche technique

**GMO :**

This product is not genetically modified as such and not made from genetically modified raw materials and thus does not apply to regulations 1829/2003 and 1830/2003 EC. As a result of this rules for labelling GMO products do not apply either. Finally this statement is indicating the status of the product but still according to the latest regulations does not imply a labelling as "GMO-free", because this product is not PCR tested.

**Ionization :**

This product is not treated with ionizing radiation and doesn't contain any ingredient with ionizing radiation

**Contaminants :**

Compliant with regulation 1881/2006 EC of 19/12/06 and 629/2008 of 02/07/08 setting maximum levels for certain contaminants in foodstuffs
