# Behind An Over *50 year* Legacy

**Karl E. Rader and his wife Dagmar R. Rader founded RADER FOODS INC., in 1970. Both were born and raised in Vienna, Austria.**

**Karl, knowing the reputation of Switzerland for high standards in the culinary and hospitality field, started his career there and then moved on to Holland America Cruise Line as a Sous Chef.**

**After the couple married, they relocated to the USA. Karl worked as a Sous Chef at the Carlyle, a 5 Star hotel in Manhattan. Following that and a move to Miami he was the Sous chef at Doral on the Ocean Hotel, another 5 star property.**

**His vision to introduce culinary excellence to south Florida created the RADER brand. It all started in a small apartment on a dining room table and has grown to spacious offices and a refrigerated warehouse.**

**Now, more than 50 years later, Dagmar R. Rader and Rachel A. Stampfl, continue Karl's dream with caring, family oriented leadership committed to serving the industry with the finest products and the very best service.**
